

THE FULL MONTY: ULTIMATE PROTECTION, AND SANITISATION FOR THE EXTERIOR OF YOUR HOME

1

Full Exterior House Cleaning: Get the 'Wow Factor' across your exterior roof, walls, paths, patios, fences, driveway and gutters.

What does a full exterior home clean include? In short, everything to make your property sparkle! We provide you with a free consultation to find out which of our bio-clean services you need and tailor a quotation that suits your individual needs. Your tailor-made service could include the following areas:

2

Block Paving: Let the experts pep up your pathways. The hassle-free way to remove moss, weed and algae to make your block paving safer and slip-free.

3

Tarmac Driveways: Say goodbye to unsightly grime, dirt and moss on your tarmac. Say hello to a fully restored tarmac driveway that creates a great first impression.

4

Imprinted Concrete: We deep clean your imprinted concrete to restore its optimal condition and seal it so it's fully water resistant. Preventative maintenance at its best.

5

Resin Driveways: We'll restore the lustre of your resin driveway by removing stubborn stains and tyre marks using our eco-friendly products that get superb results.

6

Gravel Driveways: Is your gravel driveway looking patchy and weed-ridden? We can provide a professional gravel top-up service and remove all the unsightly weeds.

7

Patio Flagstones: Our professional flagstone cleaning service will get your garden area ready for summer-living. All you need to do is light the BBQ and enjoy your restored patio!

8

Timber Decking & Fences: Add longevity to the lifespan of your decking and protect the boundaries of your land, with our professional timber fencing restoration service.

9

Roofing Cleaning Services: Breaks down roof contaminants such as dirt and pollen and even the small build ups of grime that cannot be seen, plus a full gutter, soffit, fascia and downpipe clean too.

10

House & Garden Walls: Our eco-friendly softwash treatment for brick and rendered walls is much safer than damaging high-pressure washing techniques – but gives the same outstanding finish.
